Paul Mattila, Shelby County Trustee
Supplemental information for Job Status Request
Additional Personnel for Tax Freeze Program
September 8, 2008

Background of Legislation

The Tennessee State legislature in 2007 enacted The "Property Tax Freeze Act" code section 67-5-705 allowing jurisdictions to adopt this statute. The Act provides that Taxpayers seeking the property tax freeze shall apply annually to the collecting official (Trustee) by the deadline established in program rules, and applicants must qualify on the basis of age, income and ownership of eligible property. The collecting official shall determine whether requirements for eligibility have been met, and the collecting official's determination shall be final, subject to audit and recovery of taxes, including penalty and interest at the rates otherwise provided for delinquent taxes under § 67-5-210, if the applicant is later determined to have not been eligible.

On May 7, 2008 The Shelby County Commission passed a Resolution adopting the Senior Property Tax Freeze Act with effective tax year of 2008.

Current Tax Relief Administration (a similar program that is and will be offered concurrently with Tax Freeze)

Tax Relief administration and collection that is currently performed by the Trustee's office involves the use of four and one-quarter full time equivalent staff members made up of both full and temporary positions and services approximately 8,700 qualified taxpayers in Shelby County. A summary of the duties and responsibilities are as follows

1. Perform community outreach to promote the program and educate the public as to its benefits.
2. Respond to an excess of 18,700 inquiries by the Customer Service department.
3. Receive, process and verify over 3,600 new tax relief applications each year.
4. Coordinate summarize and transmit applications to State for approval.
5. Obtain missing information from taxpayers.
6. Process payments as received from State of Tennessee for approve applicants.

The value to the county in Tax Relief dollars amounted to approximately \$1,709,053 for tax year 2007 and does represent a significant benefit to the eligible taxpayers of Shelby County.

Tax Relief Estimates

Current information estimates that approximately 19,500 additional taxpayers may qualify for this new tax freeze program. Under the Tax Freeze program, the office that collects the taxes (Trustee in our case) is responsible for income verification; whereas, under Tax Relief the State is responsible for income verification. Also, under the Tax Freeze program, the Trustee will bear ultimate responsibility and accountability to ensure all applicants that are approved meet the mandated requirements of the program and maintain all appropriate documentation. It must also be noted that application and verification is an annual requirement for each participant. We have determined that this additional level and type of service to the elderly taxpayers of Shelby County will require an increase of four (4) full time equivalent staff members comprised of one (1) supervisor and three (3) tax collectors.

We have computed the following processing estimates:

- 30 minutes to take an application

- 10 minutes average administrative time

- 40 minutes time 19,500 applications equals 780,000 minutes or 13,000 work hours

- 1,875 annual employee work hours (minus two week vacation)

- 13,000 work hours divided by 1,875 equals **6.94 FTE** – yielding the projected additional staffing needs.

As we have analyzed the process, that by modifying workflow, mitigating the effects of seasonal nature of the application volume, more efficient use of staffing, higher use of temporary staff and increased automation, the Trustee has been able to reduce the estimated additional staffing need from 6.94 FTE's to four (4) FTE's or a 42% reduction of the initial estimate.

Staffing Request Summary

As outlined in the above information, the Trustee is requesting the following staffing increases:

- 1 – Tax Freeze Supervisory position

- 3 – Tax Collector positions

Please bear in mind that the application and verification process is extremely time consuming and requires multiple contacts with the taxpayers in most cases. In addition, communicating the complexities of this program to the senior population presents unique challenges and time demands not normally encountered in the normal course of business by the Trustee.
